The ultimate responsibility for health and safety rests with the Members of the Parish Council. Day to day responsibility for implementation is delegated to the Clerk. However, all employees have responsibility for health and safety matters during their day to day duties.

1. Supervisors/Line Managers, if applicable, must ensure information and instruction is cascaded down to the employees for whom they are responsible and also to monitor that they carry out their work duties in a safe manner. Any health and safety issues that cannot be addressed adequately should be referred to the Chairman of the Parish Council or if he/she is unavailable to the Vice Chairman, if one has been appointed. In the absence of the Chair and a Vice-Chair, the issue will be referred to another member of the Council who is available at that time. Expert advice will be sought if considered necessary.
2. All employees have a duty to:
 - a. Take reasonable care to avoid injury to themselves or others (employees, contractors, public etc.) by their actions or inactions.
 - b. Co-operate to meet statutory requirements
 - c. Not to interfere with or misuse anything provided for their own or other's safety
 - d. To obey safety rules
 - e. To familiarise themselves and ask for advice (where considered necessary) in relation to health and safety instructions.

- f. To report all accidents and incidents immediately to the Clerk to the Council, or as soon as is reasonably practicable, and to assist with the investigation of such.
- 3. The Parish Clerk and/or other supervisors may from time to time carry out check/audits to ensure that employees are working safely. Workplaces and equipment will also be subjected to regular health and safety checks.
- 4. Hazards and defects should be reported to the Clerk immediately. If reports are made verbally, they should be followed up by a written report confirming the nature of the problem, its severity and any recommendation for action.
- 5. The Council will engage the services of specialists as necessary to advise or carry out tasks if it is unable to do so itself.
- 6. The Council will make such reasonable resources available as are required to ensure health and safety at work.
- 7. Good communication is vital to the success of health and safety arrangements and all employees must make this an intrinsic part of their day to day activities to achieve good levels of health and safety.
